Continuation of 5. does NOT place the application in condition for allowance because: the claimed limitations are still deemed to be anticipated by the prior art as stated in the final rejection (Paper #8). The secondary system which includes the hexapod and the secondary mass is tuned as disclosed in the cit d sections of Paper #8. Further, it is well known in the art that any vibration damper would be tuned to reduce vibrations experienced by the structure as determined according to design choice.
